## EURO INFO CENTRE BRNO CZ646

### Who are we?

The Euro Info Centre (EIC) network was established by the European Commission to support small and medium-sized businesses. The network was established in 1987 and has representatives in 42 countries. EIC is an official consultancy network, specially created to help businesses take advantage of the opportunities on offer in Europe. It guarantees a professional approach and specialist consultancy of a high standard.

### The aim of the EIC is:

- 1) to inform businesses of Community matters
- 2) to inform small and medium-sized businesses about EU legislation
- 3) to help small and medium-sized businesses become established on the European market
- 4) to provide feedback to the European Commission on matters relating to small and medium-sized businesses

### We offer:

- information on the European Union
- assistance in doing business on the European market
- consultancy and training on EU matters
- information on European projects and programmes
- information on individual markets and countries
- assistance for businesses in submitting applications for financing and participation in European Commission projects
- assistance for businesses relating to exports onto other markets
- assistance for businesses in seeking business partners, investment opportunities and suppliers
- assistance relating to European tenders (public orders)

## THE REGIONAL CHAMBER OF COMMERCE OF SOUTH MORAVIA INFORMATION POINTS FOR ENTREPRENEURS

### Who are we?

Czech businessmen are not yet adequately prepared for the changes to the business environment resulting from the accession of the Czech Republic to the EU. The Economic Chamber of the Czech Republic has, for this reason, formed a network of Information Points for Businessmen, which now has offices in 75 towns and cities. 22 branch information points, specialising in particular areas of business, have also been formed in parallel with these. The project is also expanding with branches in areas with local authorities with extended jurisdiction. The aim is to be as close to the businessman as possible.

### We offer:

Complete information for businessmen relating to the European Union and the conditions governing how business is done on the common European market.

Have you not got a clue about the new regulations? Do you need capital at favourable terms for the development of your business? Then get in touch with us!

### Your commonest questions:

- conditions for doing business in Austria, Germany and the other countries of the EU
- legal and customs duty matters
- interest-free credits to start-up businesses
- subsidies and preferential credit for the development of your business

### How many companies have already contacted us?

- we have already answered 2,427 inquires from 1,998 companies
